### Professional Summary

UI/UX Product Designer with a Software Engineering background. Experienced in delivering end to end web and mobile products across agencies and freelance settings.

### Core Competencies & Skills

- **UX Design:** User Research, Wireframing, User Flows, Prototyping, Usability Testing, Information Architecture, Client Communication.
- **UI & Tools:** Figma, FigJam, Design Systems, Auto-Layout, Component Libraries, Responsive Web & Mobile Design.
- **Technologies:** HTML5, CSS3, Tailwind CSS, JavaScript, React basics, Git, Cross-Functional Developer Handoff.

### Professional Experience

#### UI/UX & Product Designer | Freelance

August 2024 – Present

- Designed end-to-end web and mobile applications for international clients, achieving a 100% satisfaction and repeat-hire rate.
- Translated stakeholder needs into user journeys, interactive wireframes, and production-ready Figma prototypes.
- Established tokenized design systems and responsive component libraries, accelerating frontend handoff efficiency.

#### UI/UX Designer | HiSkyTech

July 2024 – August 2024

- Conducted user discovery interviews and market research to design responsive web and mobile application interfaces.
- Built standardized Figma design systems with reusable components and typography scales to unify brand consistency.
- Created clickable prototypes to validate user flows and collaborated closely with developers to ensure implementation fidelity.

#### UI/UX Designer | Encryptix

June 2024 – July 2024

- Designed mobile and web interfaces focused on streamlined navigation, clear visual hierarchy, and accessibility standards.
- Developed user personas and journey maps; iterated wireframes based on stakeholder and peer feedback.

### Key Projects

#### Virgin Lots – Real Estate Marketplace & Joint Venture Platform

UI/UX Designer | Figma

- Architected a comprehensive 90+ screen web ecosystem featuring intuitive property discovery and checkout funnels.
- Built an enterprise design system using nested auto-layout components and interactive variants for rapid scaling.

#### UniGo – Smart Campus Transit Solution

UI/UX Designer & Developer | Figma, MERN Stack

- Designed UI/UX for a campus commuting platform featuring real-time bus tracking and QR boarding workflows.
- Conducted commuter journey mapping and created interactive mobile prototypes to eliminate transit bottlenecks.

#### Amstani & Co – Digital E-Commerce Marketplace

UI/UX Designer | Figma

- Designed end-to-end landing pages, seller onboarding flows, and product catalog systems to optimize mobile conversions.

### Education & Honors

#### Bachelor of Science in Software Engineering | Air University

Graduated: June 2026

- **Coursework:** Human-Computer Interaction (HCI), Software Design & Architecture, Web Engineering.

#### National Skill Competency Test (HEC)

- Ranked in the top 3.3% nationwide

(96.7 Percentile | Score: 69/100)
